- 43. Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standards (CRS) on Automatic Exchange of Information (AEOI):**

FATCA and CRS requirements may require disclosure regarding your investment in the units of the Scheme. The Foreign Accounts Tax Compliance Act is a United States (“US”) law aimed at prevention of tax evasion by US citizens and residents (“US Persons”) through use of offshore accounts. The FATCA provisions were included in the Hiring Incentive to Restore Employment (HIRE) Act, enacted by the US legislature. FATCA is designed to increase compliance by US taxpayers and is intended to bolster efforts to prevent tax evasion by the US taxpayers with offshore investments.

The Government of India and the United States of America (USA) have reached an agreement in substance on the terms of an Inter Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. On similar lines the Organization of Economic Development (OECD) along with G-20 countries has released a ‘Standard for Automatic Exchange of Financial Account Information in Tax Matters’ commonly known as Common Reporting Standard (‘CRS’). India is signatory to the Multilateral Competent Authority Agreement (MCAA) for the purposes of CRS. Under FATCA/CRS provisions, Financial Institutions are obligated to obtain

information about the financial accounts maintained by investors and report to the local Government/ notified tax authorities. FATCA/CRS due diligence will be directed at each investor / Unit holder (including joint investor/Unitholder) and on being identified as a reportable person, all the folios will be reported. In case of folios with joint holders, the entire account value of the investment portfolio will be attributable under each such reportable person. An investor / Unit holder will therefore be required to comply with the request of the AMC / Mutual Fund to furnish such information as and when sought by the AMC for the AMC / Mutual Fund to comply with the information reporting requirements stated in IGA/MCAA and circulars issued by SEBI / AMFI in this regard. The information disclosed may include (but is not limited to) the identity of the investors/Unitholder(s) and their direct or indirect beneficiaries, beneficial owners and controlling persons. Investors / Unitholders should consult their own tax advisors regarding FATCA/ CRS requirements with respect to their own status.

The AMC/Mutual Fund reserves the right to reject any application/ freeze any folio(s) held directly or beneficially for transactions in the event the applicant/Unitholder(s) fail to furnish the relevant information and/or documentation in accordance with FATCA/CRS provisions and as requested by the AMC/Mutual Fund.

The amended regulations require that mutual funds shall value their investments in accordance with principles of fair valuation so as to ensure fair treatment to all investors i.e. existing investors as well as investors seeking to subscribe or redeem units.

It further prescribes that the valuation shall be reflective of the realizable value of securities and shall be done in good faith and in a true and fair manner through appropriate valuation policies and procedures approved by the Board of NJAMC.

The amendment also states that in case of any conflict between the principles of fair valuation and valuation guidelines as per Eighth Schedule and circulars issued by SEBI, the Principles of Fair Valuation shall prevail.

VALUATION METHODOLOGY

1. DOMESTIC EQUITY AND EQUITY RELATED SECURITIES:

ASSET CLASS	TRADED / NON-TRA DED / LISTED / UNLISTED	METHODOLOGY
Equity and Equity Related securities	Traded	<p>Traded securities shall be valued at the last quoted closing price on the principal stock exchange. The AMC has selected NSE as principal stock exchange, for all schemes other than Index based Funds/ETF, which invest in domestic equity and equity related securities/ preference shares.</p> <p>For index based schemes/ETF the Principal stock exchange would be the exchange where the underlying benchmark index has been set up.</p> <p>If no trade is reported on the principal stock exchange on a particular valuation date, traded securities shall be valued at the last quoted closing price on other recognised stock exchange. For this purpose only NSE and BSE shall be considered as the recognized stock exchanges.</p>
	Not Traded / Thinly	<p>Valuation of Non- Traded for a period upto 30 days prior to valuation date:</p>

	Traded	<p>The earliest previous day's close price on NSE and BSE shall be used, provided such day is not more than thirty days prior to the valuation date.</p> <p><u>Valuation of Non –Traded for period more than 30 days prior to valuation date:</u></p> <p>If the equity securities (other than Futures & Options) are not traded on NSE and BSE for a period of thirty days prior to the valuation date, the scrip must be treated as `non-traded' scrip.</p> <p>Futures & Options are considered as Non-Traded, when such Futures & Options are not traded on respective stock exchange as on valuation date.</p> <p>Equity / equity-related security (other than Futures & Options) shall be considered to be thinly traded when the value of the trades of that security in a month is less than Rs. 5 lacs by value and the total volume of the trades in that security is less than 50,000 shares. In order to determine whether a security is thinly traded, the volumes traded in NSE and BSE shall be considered.</p> <p>Thinly Traded / Non-traded equity shares shall be valued as below:</p> <p><u>Based on the latest available audited Balance Sheet, net worth shall be calculated as follows:</u></p> <ol style="list-style-type: none"> 1. Net Worth per share = [Share Capital + Reserves (excluding Revaluation Reserves) – Misc. expenditure and Debit Balance in P&L A/c] / No. of Paid up Shares. 2. Average capitalization rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalization rate (P/E ratio). Earnings per share (EPS) of the latest audited annual accounts will be considered for this purpose. 3. The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 10% for ill-liquidity so as to arrive at the fair value per share. 4. In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalized earning. 5. In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares
--	--------	---

		<p>of such companies shall be valued at zero.</p> <p>6. In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued by the procedure above and the proportion which it bears to the total net assets of the scheme to which it belongs would be compared on the date of valuation.</p> <p>In order to ensure fair valuation, the AMC, after providing suitable justification and due approval from the Valuation Committee, may decide to value non-traded/thinly traded equity share at a price lower than the value derived using the aforesaid methodology.</p>
Preference Share		<p><u>Non- convertible preference shares:</u> Non- convertible preference shares are more akin to debt and to be valued as debt securities at an applicable market yield for the similar duration and rating as approved by the Valuation Committee.</p> <p><u>Convertible preference shares:</u> The valuation of convertible preference shares would be done in good faith and value shall be arrived based on the intrinsic value of the preference shares considering the conversion ratio as adjusted for illiquidity discount and other relevant factors as applicable as on the valuation date with the approval of Valuation Committee.</p>
Equity	Unlisted	<p>Unlisted equity shares of a company shall be valued "in good faith" on the basis of the valuation principles laid down below:</p> <p><u>Based on the latest available audited balance sheet, Net Worth shall be calculated as the lower of the following:</u></p> <p>i. Net worth per share = [Share capital + Free Reserves (excluding Revaluation reserves) - Miscellaneous expenditure not written off, deferred revenue expenditure, intangible assets and accumulated losses] / Number of Paid up Shares</p> <p>ii. After taking into account the outstanding warrants and options, Net Worth per share shall again be calculated and shall be = [Share Capital plus consideration on exercise of Option and/or Warrants received/receivable by the Company plus Free Reserves (excluding Revaluation Reserves) minus Miscellaneous expenditure not written off, deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares plus Number of Shares that would be obtained on conversion and/or exercise of outstanding warrants and options.</p> <p><u>The lower of (i) and (ii) above shall be used for calculation of Net Worth per share and for further calculation to arrive at the fair value per share as stated in b) below:</u></p>

		<p>a. Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which shall be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). The value as per the Net Worth value per share and the capitalized earning value calculated as above shall be averaged and further discounted by 15 per cent for illiquidity so as to arrive at the fair value per share.</p> <p><u>The above valuation methodology shall be subject to the following conditions:</u></p> <p>i. All calculations shall be based on audited accounts.</p> <p>ii. If the latest Balance Sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.</p> <p>iii. Where the rights are not treated pari-passu with the existing shares, suitable adjustments would be made to the value of rights. Where it is decided not to subscribe for the rights but to renounce them and renunciations are being traded, the rights would be valued at the renunciation value.</p> <p>c. In case the rights offer price is greater than the ex-rights price, the value of the rights share is to be taken as zero.</p> <p>d.
